The first question she answered in the affirmative; the latter in the negative. The consensus of opinion was the same.

STUDENTS CAST THEIR VOTES

They Took Part in the Recent Election at Madison

Students from all parts of the state attending the state university were allowed this year to vote for Madison candidates. For the first time in the history of the university this plan of voting was carried out this year, and students by the hundred availed themselves of the opportunity.

The election in Madison was a mix-up. On the face of the returns Mr. Whelan, rep., seems to have won out by a majority of 9, but to equalize matters the democrats made a net gain of two aldermen.

DOCTOR FOR THE CONVICTS.

Physician Will Devote His Entire Time to Their Care.

Wauson, Wis., April 7.—The state board of control made a radical change in the method of management in the medical department of the prison this morning. The office of assistant prison physician was abolished, and Dr. G. F. Messer will devote his entire time to the prison service, giving up his outside practice. This is an entirely new departure, as never before in the history of the prison has the prison physician maintained an office on the premises where he could be found at all hours of the day.

State News in Brief

SPOKE FOR TEMPERANCE

Lou J. Beauchamp's Lecture at Court Street Church Last Night

There was a good attendance at the temperance lecture given at Court Street church last evening by Lou J. Beauchamp, of Hamilton, O. The meeting was the first of a series in which Mr. Beauchamp will take part. The pastors of the several evangelical churches of the city assisting him.

Mr. Beauchamp is an eloquent and forcible speaker and has the faculty of presenting the temperance cause in many phases. His lecture was interspersed with anecdotes which were told in an entertaining manner, each conveying a lesson in sobriety. He claimed that any city could set itself free from the liquor curse if its people were not prejudiced. They believe in temperance publicly, but privately and personally they are unwilling to help on the cause. The trouble is that our Christianity does not stretch from the church to the ballot box. The people need to live the whole gospel. He was not afraid to trust the great American people to solve this great question if he could only wake them up. People are ignorant of the evils of liquor. If they were told that the annual drink bill was \$1,480,000, they would not comprehend it. Drinkers swallow the value of this nation every seven years. Yet this country can stand the loss of money. It cannot stand the loss of manhood, womanhood and childhood. A temperance meeting in which Mr. Beauchamp will participate will be held this evening at the First M. E. church. The series will close on Monday night with a meeting at the same place.

TO CANVASS THE VOTES.

On Monday evening, April 18, the council will hear the matter in relation to the vacating of North street in favor of the Chicago & Northwestern railway company. Well informed ones say that here is little doubt but the street will be vacated.

PANIC PRELAYS IN CUBA'S CAPITAL

OUTBREAK AGAINST AMERICANS IS EXPECTED.

Blanco Will be Unable to Control the Soldiers—All Citizens of the United States Preparing to Leave—Several Hundred Cubans Massacred by Spaniards.

Key West, April 7.—[Special]—Passengers from Havana describe the situation there as most alarming. Five thousand volunteers paraded the streets yesterday prepared to ride the city of Cubans and Americans in case the president's message was hostile to Spain. It is reported General Lee slept on the steamer Bac Tuesday night because of the unsettled conditions in the city. General Blanco has ordered that all Spaniards and Cubans of military age be drafted into the army.

WILL STAY TO THE LAST

General Lee Will Look After the Safety of Americans in Cuba

Richmond, Va., April 7.—General Lee's eldest son, who recently returned from Havana, spoke today of the vast number of Spanish regulars stationed in and about Havana, and to their open opposition to Blanco's administration, and said in his opinion they would not hesitate for a moment to kill General Lee or anyone else if they became inflamed.

"You may rest assured, however," added he, "that my father will not leave Havana until he has safely transported to this country all Americans who desire to leave. He will be the last one to leave the island. He cables us that he goes about Havana as usual, and fears no trouble, though he constantly meets Spaniards on the streets. Of late, however, he has remained more closely in his office, but this he explains in his letters by the fact that merican tourists having ceased to visit the island he has fewer interruptions and is able to devote almost all his time to the exacting duties of his responsible position.

"Father will come home all right when the time arrives, but until that time does arrive he will remain closely at his post attending to the duties that devolve upon him."

THE SITUATION AT MADRID

Gossip and Rumor Floating About the Spanish Capital

Madrid, April 7.—[Special]—A prolonged cabinet meeting was held last evening. Nobody believes there will be a peaceful settlement. Minister Woodford is ready to leave Spain at a moment's notice.

The military party is incensed at the idea that Spain will even think of submitting the disputes with America to arbitration.

The queen is greatly agitated at the growing probability of war. She spends the greater part of each day praying that war may be averted for the sake of her fatherless son.

Minister Woodford presented a fresh note from the United States government yesterday to which he demanded a definite answer within six hours. The cabinet immediately met and decided to adhere to its previous action.

CHARACTERISTIC TREACHERY

Two Hundred Cubans Under Spanish Pledge of Protection Butchered

Havana, April 7.—[Special]—Over two hundred reconcentrados, that left Havana to renew their labors in the country, availing themselves of the decree of Blanco, have been massacred by troops near Guins. The details are terrible.

THE EXODUS FROM HAVANA

Both Americans and Cubans Leaving the City in Droves

Key West, April 7.—[Special]—The exodus from Havana is now in full swing. Hundreds of Americans are expected here on the steamers Mascotte and Olivette. Officers of the

Mascotte said an outbreak is expected momentarily at Havana.

Great terror exists among Cuban families, who realize that they will be more than ever at the mercy of the Spaniards when hostilities commence. Many of them will take advantage of the United States' liberal offer to transport them to America.

AMERICANS IN HAVANA

They Make Hushed Preparations for Leaving the City

Havana, April 7.—The 2,000 American citizens in Havana tonight are in terror. The Spanish volunteers—the army which sees in Weyler the butcher a hero—has practically bidden defiance to Captain General Blanco, and is unrestrained master of the streets of the city. Since early afternoon the city has been the scene of boisterous and almost riotous demonstrations. Men in squads, wearing the uniform of the guards some flushed with liquor and all reckless in their hate of America paraded in straggling fashion along the public avenues. Cheers for the crown when passing the abode of some royalist have followed derisive hoots and threatening movements on passing the American quarter.

A general uprising was threatened this afternoon under the cover of darkness, and serious trouble is momentarily feared.

All arrangements are complete for the hurried departure of American residents. Many have disposed of their belongings at a sacrifice in their haste.

AMERICAN COLONY EXCITED

Fears That All Will Not Escape From Havana Safely.

Havana, April 7.—The American colony is in a state of great excitement. The Fern and Bache stand ready to steam out at a moment's notice whenever General Lee commands. Now that quarantine regulations are raised the office is not so besieged, but every American citizen's house is full of packed and packing household goods. The fright is really pitiable and a cloudburst is expected tomorrow.

Lee, as usual, is calm, cool, and easy-going, his well-worn advice being: "Keep cool and say nothing." He has full confidence that Blanco is strong enough to hold down the disorder and conduct the departure of Americans, if such has to be, with all possible international courtesy.

PLEAD FOR PEACE

Foreign Representatives Visit the President on a Pacific Errand

Washington, April 7.—[Special]—Representatives of the chief European nations visited the White House this afternoon. They addressed the chief executive, saying the countries they represented hoped that further negotiations would lead to peace. The president expressed the same wish, but said he hoped the efforts of this country to end the Cuban horrors would be appreciated.

IMPATIENT OF DELAY

Hotheads in Congress Chafing Under the Necessary Restraint

Washington, April 7.—[Special]—The hotheads are exasperated at the continued delay. It is Gen. Lee's request for delay that will hold congress in check until Monday.

It is reported that American representatives abroad had initiated conferences with foreign powers with a view of influencing mediation, but this is emphatically denied both here and in London.

EXCITED OVER ABSURD RUMORS

Reports That the United States Is Bent on Destroying Spanish Islands.

Madrid, April 7.—[Special]—A special from Havana says there is intense excitement there over the report that American vessels have prepared to destroy Cuba, Porto Rico and the Philippines.

Aid For Spain,

Valparaiso, April 7.—[Special]—The Spaniards in Chili have subscribed a million to fit out warships for the

use of Spain in case of war with the United States.

TRY TO PREJUDICE THE CASE

Spanish Government Try Misrepresentation at European Courts.

London, April 7.—The highest officials in London are convinced that Spain designedly juggled the facts of President McKinley's connection with the pope's attempt to mediate in order to influence public opinion in Europe against the United States, using the Spanish ambassadors at the capital as the mouthpiece of the misinformation. This apparently had the desired effect upon continental opinion, but it had exactly the opposite effect in Great Britain.

WANTS VICTORIA'S AID.

Queen Regent of Spain Asks Her to Intervene in War.

London, April 7.—[Special]—A private telegram says the queen of Spain has appealed to Queen Victoria with the object of securing the queen's influence to avert war.

KILLED IN A WRECK

One Person Fatally and Several Badly Hurt by a Collision on the Panhandle.

Pittsburg, April 7.—[Special]—In a head end collision on the Panhandle road near Fernwood, Ohio, this morning, an unknown man was killed, and several injured.

THE FIRE BELLS RING OUT.

Two Alarms Given Today, But No Damage Done.

Two unknown boys on bicycles rode up to fire alarm box 313, at the corner of Wheeler and Oak streets, at 12:45 o'clock this noon, and while one of them took care of the wheels the other unlocked the fire alarm box and sent in an alarm. They both mounted their wheels and made good their escape before the arrival of the department. An eye witness saw the act committed, and the police have a good description of the young men.

Barney Gross in Riverview Park was the cause of an alarm being turned in at 11:45 o'clock this morning. The damage was nominal.

HIS AMBITION DISAPPOINTED

W. J. Park Could Not Gain the Treasurership of Madison

W. J. Park, who for the past few weeks has been working in this city in the book store formerly owned by R. W. King, and who left a few days ago for Madison to run for city treasurer on the republican ticket, was defeated at Tuesday's election. Henry Vogel, his democratic opponent, ran like a deer, despite the popularity of his opponent, his majority being 552. Judge Donovan sweeps the city by 1,640 majority and carries the county by upwards of 3,000. License won by 805 majority, a gain of 191 since 1894. The total vote of the city 4,045.

HOME FOR THE HOLIDAYS

Students at Beloit and Madison Enjoying Their Vacation

State university students who reside in this city are home to spend their Easter vacation.

At Beloit college vacation this Easter was greeted several days ago, which accounts for some of the Janesville boys being home at present.

Those who are down from the state university are Misses Anna Valentine, Helen Pritchard, Mary Barker, Martha Snobell and Susie Lowell; Messrs. Clayton Holmes, Edwin Williamson, Bernard Palmer, Roy Sarnborn, Robert Nott, Samuel Ehlin, Frank McNamara and Charles Sutherland.

CANVASSING THE VOTE

Getting Officially at the Result of the Late Election

The board of county canvassers, composed of W. J. McIntyre, J. L. Bear and E. J. Rathern, were a busy body at the court house today. They had in hand the task of sorting over and counting the ballots from the thirty-eight voting precincts of Rock county that were voted in on Tuesday.

The outcome of today's investigation was the same old story—the republicans made what one would call a clean sweep of the entire county.

Worse Than She Thought.

Widow (weeping)—Yes, poor Tom met with a terrible death. He fell from the fifth-story window and was instantly killed. Friend (sympathizingly)—Dear, dear! Is it possible it was as bad as that? Why, I understood he only fell from the fourth-story window.—Chicago News.

An Exciting Problem.

Here is a little question for some of the physicists. Suppose a pulley and cord are suspended from the bough of a tree. To one end of the cord a stone is attached, and to the other end climbs a monkey. The stone balances the monkey. If the monkey climbs the rope what will happen? Will the stone rise or fall?

Loom Now a Wonder.

Recent improvements in the Millar loom will, it is claimed, revolutionize the weaving industry, as with less attention than ordinary it will turn out from 140 to 200 yards of worsted coatings in ten hours.

INDEPENDENCE IS THE SLOGAN

CUBA TO BE FREE AS THE RESULT OF CRUELTY.

President's Message Will be Revised to Embrace That Recommendation—Statesmen All Agree the Stay is Necessary—Document Will Go to Congress Monday or Tuesday

Washington, April 7.—[Special]—It seems certain now that the senate committee on foreign relations will not endorse the president's message unless it shall recommend the recognition of Cuban independence. There is a determination to embody the independence feature in whatever resolution may be reported.

THE PRESIDENT WILL LEAD.

His Message Will Take Advanced Ground in Cuba's Behalf.

Washington, April 7.—It is the general belief here that the president's message, of which a forerunner has already been given, will place the executive where he should be, at the head of the procession. Congress will probably follow him. Between now and Monday the patriotic good sense of men of both parties will rally to his support of the president, determined to avert the disaster of a divided government in the face of an enemy. The only question at issue between the president and congress at this time is to the immediate recognition of the independence of Cuba, which means setting up the insurgent government. Everyone knows, however, that the first problem is to get the Spanish out and then the United States may be trusted to see to it that a free and stable government is established there. That congress will agree to this sensible and practical method of procedure despite the sentiment which clings about the word independence and the natural efforts of the junta leaders to make sure of everything while the tide is running their way, is the belief of the best observers in Washington.

THE DELAY WAS UNAVOIDABLE

Circumstances Forbade the Delivery of the President's Message.

Washington, April 7.—The president's communication to congress was ready for transmission at noon yesterday. Assistant Secretary Puden had his carriage at the door, and the carefully written document was in his hands. But before sending him to the capitol the president wished to hear from General Lee that the consul general and other Americans at Havana had sailed for Key West.

At 12:30 a cablegram from General Lee to the state department brought the information that he could not get the Americans out of Havana till Saturday or Sunday. There was nothing else for the president to do but to order the message withheld, but to send word to the capitol that the executive would not be able to communicate with congress before Monday.

SPAIN WILL NOT SURRENDER

Will Never Consent to the Demands of the United States

Madrid, April 7.—[Special]—There is not the faintest shadow of hope that Spain will either grant independence or pay indemnity for the loss of the Maine. Any suggestion to the contrary is absolutely false and intended to deceive congress. The reply of Spain amounts to this and nothing more. She offers an armistice to the victorious Cuban army and invites the United States to persuade the insurgent government to accept autonomy. She will not finish from this ver well. It is simply a new device of Spain to gain time while she is begging money from her people to buy warships.

PRESIDENT MUST ACT.

He Cannot Longer Resist the Force of Public Opinion

Washington, April 7.—[Special]—Everyone in Washington on feels that President McKinley cannot longer hold back, but it is believed that yesterday's happenings will have the effect of making his message more vigorous. It is said the president will recognize Cuban independence later but not until the Cubans make certain concessions, such as refraining from slaughtering Spaniards.

TOO GOOD TO BE TRUE.

Rumor That Spain Has Conceded Everything Demanded.

Madrid, April 7.—[Special]—An entirely unconfirmed rumor in unofficial circles says that Spain has conceded everything the United States has demanded, including the independence of Cuba.

Kentucky Hotheads

Louisville, April 7.—[Special]—The Falls City republican club is tonight adopted resolutions branding McKinley as another Benedict Arnold.

Quiet at Havana

Washington, April 7.—[Special]—General Lee reports to the state department that all is quiet at Havana today.

To Be Named the Topeka.

Washington, April 7.—The gunboat Diogenes, recently purchased in England, has been renamed Topeka, after the Kansas capital.

ACTIVITY SHOWN IN '97 PACKING

TOBACCO MARKET OTHERWISE IS NOT VERY BRISK.

Deliveries Continue Large, and the Work of Sorting and Packing is Active Considering the Season—Edgerton Warehousemen Reaching Out.

Edgerton, Wis., April 7.—A few buyers are still in the field for the '97 crop, and are gradually cleaning up the remnants. The bulk of the tobacco now unsold lies in the hands of growers, who have it assorted and demand increased prices or will hold it through the sweat. Late sales show considerable advancement over the prices paid for the bulk of the crop. For an 80-cents lot, 8 cents was paid this week, and 7 cents or above is not uncommon.

The deliveries at the warehouses continue large. The work of assorting and placing the tobacco into cases is being pushed with all the dispatch possible, and yet some of the packers are sending their purchases into outside towns for handling. Never before did the dealers attempt to bundle so much tobacco through the warehouses at the packing points, and the job is proving more extensive than was anticipated. Edgerton packers are handling tobacco at Evansville, Brodhead, Milton Junction, Whitewater, McFarland, London, Rio and Marshall.

Messrs. A. C. and B. A. Nixon, of Dayton, O., finished the purchase of a 500-case packing and left for home Sunday last. The shipments out of storage here during the week reached upwards of twenty-five carloads to all points. Since last report 475 cases of cigar leaf were exported from New York.

Evansville Boys Who Spend Their Evenings in Janesville.

"Those four young men playing cards over in the corner as well as those two playing pool came all the way from Evansville tonight just to spend these few hours in a saloon." So said a local saloon proprietor Saturday night as the clock struck the ten o'clock hour. "You see the way of it is," continued the speaker, "these boys can't get anything to drink in Evansville, so they say, so they come down here on the 7:20 train and return on the midnight, feeling none the worse for their night's fun. I don't believe any one of them is over twenty one years of age. This makes their third Saturday night visit to my place."

FOUR STATES REPRESENTED.

Two Thousand Delegates Discuss the Chances for the Success of the Movement for Bimetallism—Speech by Ex-Gov. Matthews of Indiana.

Indianapolis, Ind., April 7.—Two thousand delegates were present at the opening session of the second annual convention of the bimetallic clubs of the Ohio valley here Wednesday. The organization takes in the bimetallics of Illinois, Ohio, Indiana and Kentucky. It was organized in Cincinnati just after the presidential election in 1896.

Mayor Taggart welcomed the delegates to this city in a brief speech, in which he declared that it remained for the democrats, populists and free silver republicans to remove the "yoke of oppression from the people of this country."

R. H. Reemelin of Cincinnati, the president of the league, in his address said the cause of free silver was just and right, and at the next presidential election would be approved by the people.

Claude Matthews, ex-governor of Indiana, presided at the afternoon session. He spoke at length in favor of the cause of bimetallism. The men represented by the convention, he said, were firm in the faith that no safe, sound or honest financial system could be based on the single gold standard. His reference to the Cuban situation, which was brief, was loudly applauded. He said:

"To-day we indulge the hope that the issue of the present crisis will be the freedom and independence of the Cuban republic, given to her and secured by the republic of the United States. All know the horrors of war and would avert them if possible, but we must not learn the humiliation of unworthy or dishonorable peace. While we tremble on the brink of war, already the cold, selfish, grasping spirit of greed that was abroad from 1861 to 1865 is with us again, seeking to enrich itself through the necessities of the country and demanding the issuing of gold bonds to provide means for war. A people wise and alert through the experience of the past will pledge their sacred honor and their lives, but will spurn the proffered aid that must come through the gold bond."

George Fred Williams of Massachusetts and John G. Shanklin of Indiana, members of the democratic national committee, were the speakers at the night session. The silver cause, Mr. Williams declared, had gained steadily since the election in 1896. Silver would be the issue in 1900.

MICHIGAN LEGISLATURE.

Ex-Gov. Rich Argues Against the Passage of the Pingree Bill.

Lansing, Mich., April 7.—Ex-Gov. Rich, collector of customs at Detroit, made an extended argument against the bill for the taxation of railroad, express, telegraph and telephone companies. Conceding that the railroads were not taxed enough, he argued that the proper remedy lay in increasing the specific taxes after repealing all special charters. He also argued in favor of appointing a commission to receive proposals from the Michigan Central road for the surrender of its charter and to report to the next legislature a bill for the taxation of all corporations, including a number which now pay no taxes and which are not covered by the Pingree bill.

The bill goes to the senate today with an unfavorable report from the committee. Gov. Pingree still adheres to his purpose not to recommend a war appropriation or the strengthening of the national guard until the taxation bill is out of the way.

Camp at Chickamauga. Chattanooga, Tenn., April 7.—Preparations are rapidly going on here for the reception of the government troops at Chickamauga park. A number of new wells are being sunk and if necessary a pipe line to Crawfish spring can be put in in 36 hours, and will supply millions of gallons of water by gravity to any point of the park.

All the available regiments of infantry in the army are expected to be in camp here by the early part of the week.

Y. P. S. C. E. of Eastern Iowa. Waterloo, Iowa, April 7.—The annual convention of eastern Iowa Christian Endeavorers met in this city Wednesday with about 150 delegates. The afternoon was spent in an informal reception tendered to the delegates at the First Presbyterian church. In the evening the convention was formally opened by the Rev. Samuel Callen, president of the association, who stated the object of the convention.

Will Unite to Save the Dynasty. Washington, April 7.—At the state department it was heard today that neither France, Austria nor Italy will propose mediation between the United

States and Spain.

IN BRITISH HANDS.

Their Diplomats to Look After Americans in Spain.

Madrid, April 7, Midnight.—Arrangements have been concluded to place American citizens and their property throughout the country under the care of the British diplomatic representatives in case the United States minister, Gen. Stewart L. Woodford, is compelled to leave.

It is known, however, that no instructions have yet been received by Gen. Woodford to place American citizens and their property under the protection of the British representatives. The prevailing impression in political circles is that Spain will strive to the utmost to avoid war, but doubts as to her being able to do so are expressed in all quarters.

Miners Support Striking Engineers. Non-union engineers blew the whistles for work, but the miners to a man refused to go down the shafts.

Come From Weak Heart Action, Retarded Circulation, Imperfect Digestion, and Impoverishment of the Blood, The Cure?

DR. MILES' NEW HEART CURE,

The Great Heart and Blood Tonic.

Enfeebled heart action is the cause of more suffering than is usually supposed. When the heart is weak the digestion is imperfect, the appetite is poor, the process of assimilation is interfered with, the blood becomes thin and pale, the nerve-force is exhausted and the strength fails. Dr. Miles' New Heart Cure is a specific for diseases of thinness. It acts directly upon the nerves of the heart, regulating and controlling its action. It invigorates the stomach and liver and increases the flow of gastric and other digestive juices. It brings back appetite, it replenishes the circulation with an abundance of rich, nutritious, life-building vital fluid, which restores firmness to the flesh, and vital organic power to the entire structure.

The following letter from Rev. A. S. Parker, Puyallup, Wash., speaks volumes. It reads: "Four years ago I had a severe attack of nervous prostration, brought on by overwork and heart trouble. I had been troubled with symptoms of what my physician called dilatation of the heart, for years. I could not lie on my left side without causing pain; was troubled with shortness of breath, and suffered most intense pains in my heart at times, especially after any unusual exertion. I became so bad my friends gave up all hope of my recovery. I was induced to give Dr. Miles' New Heart Cure a trial, and after taking it for some time my health began to improve. The severe symptoms disappeared entirely and now I am enjoying as good health

as I could expect. I am fully convinced that Dr. Miles' Heart Cure has prolonged my life many years."

Dr. Miles' Heart Cure is the most reliable heart medicine known, and will give relief when others fail.

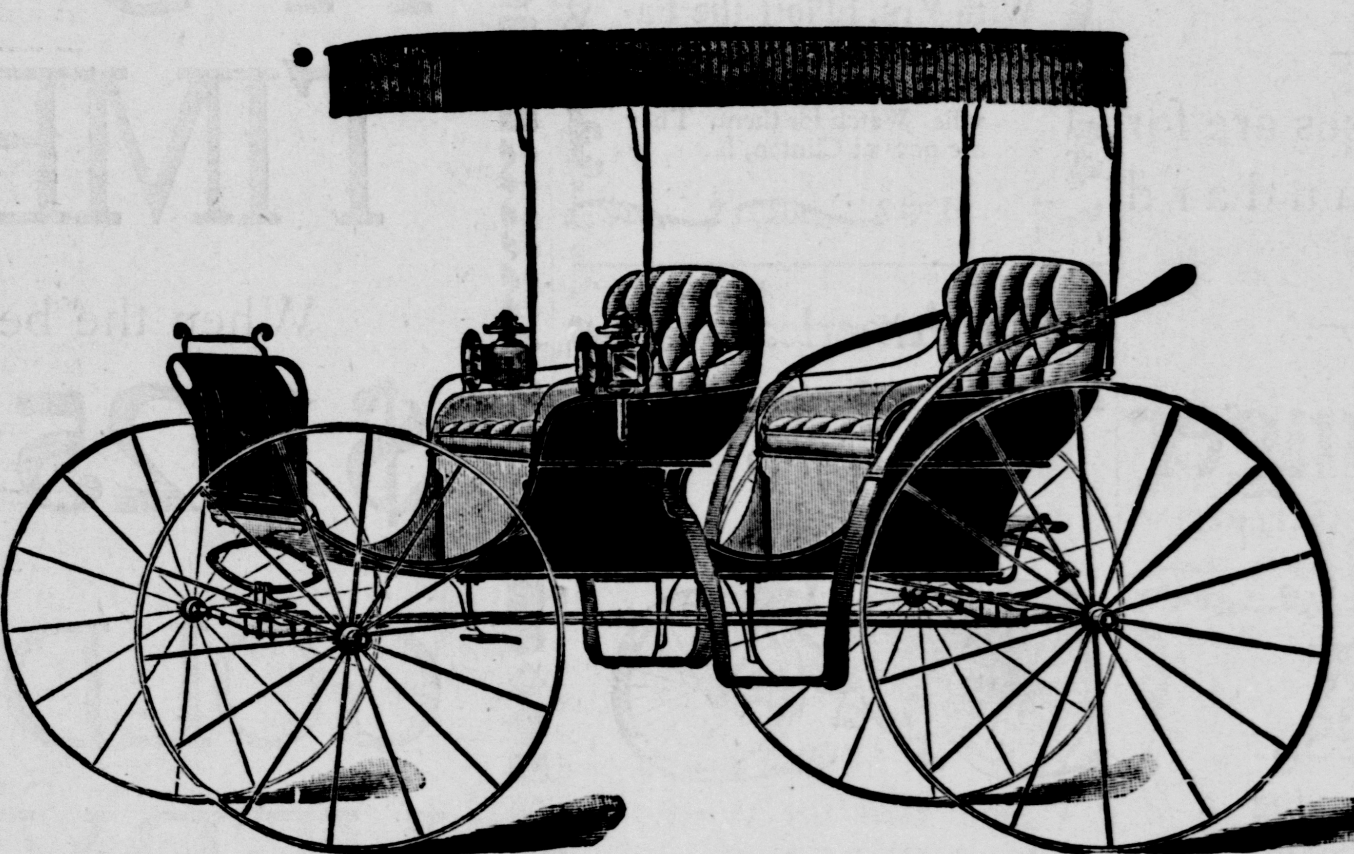

A weak heart affects all other organs of the body by depriving them of nourishment. It is frequently accompanied with nervousness, irritability, unsound sleep, morbid fears.

A POSITIVE GUARANTEE.

You run no risk in giving Dr. Miles' Heart Cure a trial. If the first bottle fails to benefit you, take the empty bottle to your druggist and get your money back. All druggists are authorized to sell the first bottle with that understanding. Book on the heart and nerves sent free. Address, Dr. Miles Medical Co. Elkhart, Ind.

THIS DAY IN HISTORY

1770—William Wordsworth, English poet, born; died 1850. Wordsworth's genius was of the Bohemian type. He was averse to study and discipline, but fond of idle roving and roaming the fields and woodlands. His poems were composed in the open air. Southey, who was his intimate friend, wrote, "His life does not belie his writings, for in every relation of life and every point of view he is a truly exemplary and admirable man." He succeeded Southey as poet laureate of England in 1843.

1780—Dr. William Ellery Channing, Unitarian and abolition teacher, born at Newport, R. I., died 1842.

1888—General Quincy Adonis Gilmore, Union commander on the Carolina coast, died; born 1815.

1894—Ben King, the western poet and humorist, died at Bowling Green, Ky.

FARMERS AND GOLD.

The wicked Western farmers are responsible for the recent increase in the gold circulation. The increased activity in the West due to their prosperity, resulted recently in extraordinary demands upon New York for currency and a rapid movement from that city towards the west. As a consequence there was an increase in demand for currency in that business center which resulted in calling in from Europe some of the gold due from the large exports which have been made during the last few months, but which had been held in the form of bills drawn against the shipments of corn and other commodities, and which are now being exchanged for gold, which is thus added to the circulating medium of the country.

"For international bimetalism the republican party stands pledged. To secure it all honorable and proper efforts will be put forth; but until it can be secured, it is manifestly for the interests of our people to preserve, by all proper means, the present gold standard. Through it we measure by the same rule with which our competitors measure, and by it we contend in the struggle for commercial supremacy with weapons evenly matched with those of our well-armed antagonists."—From Secretary Gage's Cleveland speech.

One hundred new trains are now running out of Escanaba, Mich. This is the largest number of trains which have been put on or continued in operation on that division since 1889. This will make necessary the sending of a large number of heavy freight engines north during the next few days and also a large number of switch engines will be put in service.

The claim made during the consideration of the Dingley bill that a protective tariff would decrease our market abroad has been exploded. For instance, 6,000 tons of agricultural machinery was sent to Russia a few days ago, in one lot, and an equally large shipment was made shortly afterwards.

Chicago people arose in their might and smote the "boodle aldermen" hip and thigh. As the result Chicago now has a council in which the honest men predominate.

Was Mayor Rose's onyx mine in any way responsible for the recent explosion at Milwaukee?

In Milwaukee, it may be remarked, every Rose still has its thorn—for the republicans.

Bryan Compliments McKinley.
Columbus, O., April 7.—William J. Bryan, who lectured last night on "Bimetallism," commended the president in addresses to the senate and house. Mr. Bryan, after expressing his satisfaction at the reception accorded him by men of all parties in the president's state, said that in his opinion the president was honest, conscientious and pure.

Mrs. Woodford Leaves Madrid.
Madrid, April 7.—Mrs. Woodford, wife of the United States minister, has left for Biarritz. Considerable surprise is expressed at her departure, "in view of the settlement," but Miss Woodford remains, and it is explained that Mrs. Woodford will soon return. The staff of the United States legation has left Madrid and will probably remain in Paris for the present.

Western Troops Receive Orders.
Denver, Colo., April 7.—Col. J. J. Van Horn, commanding the department of the Colorado, has received a message from Washington ordering him to hold himself in readiness to move to the south. All the troops in the department could start within an hour, arrangements for transportation having been made.

Ready to Move Troops.
Montgomery, Ala., April 7.—Every southern railroad is ready to move troops and supplies toward Havana at a minute's notice. Several conferences of managing officials of half a dozen roads have been held, and today all roads which lead to Florida and the other gulf states are ready for the word.

(A)—BECAUSE these Seeds are of the highest reputation, home and abroad.

(B)—BECAUSE these Seeds are largely grown by the Landreths on Landreths' own Farms.

(C)—BECAUSE that portion of these Seeds not so grown on the Landreths' Farms are grown nevertheless on contract from Seed Stocks furnished by Landreth, and which Seed Stocks were grown on Landreths' Farms.

(D)—BECAUSE Landreths' are reliable Seeds, worth their cost, while Seeds grown by inexperienced people are unreliable; at their best a very doubtful investment, and at the worst they may put the planter to great disappointment, if not absolute loss of cash, labor and profit.

(E)—BECAUSE Landreths cultivate in Seed crops nearly 2000 acres of land which the Landreths own, thus unmistakably showing that they have wide experience, and, if honest, should have GOOD SEEDS FOR SALE. You never buy wrong when you select Landreth's Seeds. Plant them this spring.

BELOIT CAPTURES WOODMAN PICNIC

BOWER CITY IS COMPLETELY IGNORED.

Janesville Not Even in the Race From the Start—Date of Next Picnic at Rockford on June 2—Yesterday's Meeting Was Not Largely Attended.

Lack of energy on the part of the citizens of Janesville lost for them the Modern Woodmen picnic for 1898. At the meeting held at Rockford yesterday afternoon the local lodge was poorly represented, there being but one delegate from the Bower City. But little effort was made in behalf of Janesville to secure the picnic for next year and the prize fell to Beloit.

The Dark Horse Wins
The location was a surprise to everybody, the dark horse winning in the race. Towns that had been working for several weeks gave up the fight early, and when E. H. Howell, of Beloit, arose and moved the name of the Line City and stated very briefly one or two reasons why the picnic should be held there he met no opposition. The sentiment of the convention was unanimous in favor of Beloit.

The selection of a date was first taken up and after a short discussion it was decided to ask a committee to consider the matter. Thursday, June 2, was surprisingly early, but it was accepted without dissent from the delegates present. Thus one of the biggest picnics in the history of the order goes to Rockford, June 2.

The election of officers for the 1899 picnic was the next matter of business and as is customary they were all chosen from members of the Beloit camps. They were as follows: President, E. H. Howell; secretary, A. N. Bort; treasurer, B. A. Oliver.

At 8:30 the convention adjourned and the delegates went over to G. A. B. hall where the further ceremonies of the day took place.

Lost Through Apathy

"Janesville could have had the picnic for next year with ease," said a local Woodman this noon, "but as the citizens and merchants of the town failed to favor the scheme we thought there was no need of our sending down a large delegation to secure the prize."

On June 2 special trains on both local railroads will be run out of this city to Rockford and the little doubt but the Bower City will send her share. Chas. Brown, who acted as local delegate, reports a pleasant time.

THEY WANT TO COLLECT

The McCormick Company's Suit Against the Bank of Edgerton

Whether or no the McCormick Harvesting and Machine company of Chicago will be able to collect \$230 from the defunct bank of Edgerton is a matter that the circuit court of Rock county is now trying to settle. Before Judge John B. Bennett the case has been hanging fire throughout the day.

In 1895 the McCormick company sold two harvesting machines, one to F. O. Hubbell, of the town of Porter, and the other to the Wentworths in the town of Albion, Mr. Porter paying for his \$120, while the Wentworths paid \$110. Both these sums are paid through the Bank of Edgerton, and while the money was lying in its vaults the Chicago firms or where the Edgerton bank failed. Now the McCormick company brings suit to recover the full amount. The Edgerton bank paid its depositors twenty cents on the dollar.

The decision in favor of the Bank of Edgerton in the matter of the McCormick Reaper Co. notes was sustained by Judge Bennett this afternoon. The company is thus limited to 20 per cent. on its claims against the bank the same as all other creditors.

Missouri Will Do Her Share.

St. Louis, Mo., April 7.—Gov. Stephens of Missouri is hastening home from the Pacific coast, and it is expected that on Saturday he will issue a call for a special session of the state legislature to pass an appropriation bill as Missouri's share of the war expenses.

Two Warships Put to Sea.

Key West, Fla., April 8.—The Marblehead and Detroit have put to sea in haste. It is believed that they are to notify the battleships down the bay and accompany them to Havana. The officers would all welcome an order to bring Americans from Havana on the warships.

No Indemnity for the Maine.

Madrid, April 7.—It is quite certain that Spain will not consent to pay an indemnity for the loss of the Maine, as she will insist upon her theory that the explosion was internal, unless the fact is otherwise determined by an international commission.

Armistice to Be Declared.

Madrid, April 7.—It is now confidently asserted that a proclamation of the queen regent announcing an immediate armistice in Cuba will soon be issued. It is added that some of the cabinet ministers may resign, but if necessary the ministry will be changed.

An Armistice Not Sufficient.

London, April 7.—The Rome correspondent of the Daily Mail says: "The pope's mediation will probably not go further, as President McKinley has declared that an armistice with the Cubans would not go to the root of the matter."

BRING your odd shaped feet, the hair-cut kind to Spencer's "newest" on the bridge. Plenty of shoes bought especially for Easter.

A CHARMING lot of new hat pins, girdles, belts and shirt waist sets have just been received by Hall, Sayles & Fife, "the reliable jewelers."

ARRANGEMENTS are being made for a May party by the Janesville Rebekah Lodge, No. 171 at the West Side Odd Fellows hall, Monday evening, May 2.

Two thousand dollars was realized from the sale of personal property belonging to the late Joseph Branks, held last Saturday, in the town of Union.

A WARM store full of warm fitting shoes is Spencer's "newest" on the bridge. Not an old pair in the house. Everything new from the factory this spring.

CUTTIE loose from the old conventional style of running a shoe store is Spencer's idea of the "newest." Your feet are fitted as they should be when you leave this store.

THE date of the final meeting of the Twilight club for the season has been postponed to April 20. On that date a banquet will be held, and lady friends and relatives of the members will be invited.

HINTS for spring styles in jackets, capes and skirts can be had from the excellent line that will be shown at our store tomorrow and Saturday. Full information in our large ad, page 4. Bort, Bailey & Co.

IT is a great satisfaction to buy where one has only the gratification of his taste to satisfy, knowing the quality will be all right. Spencer's "newest" on the bridge is the up-to-date shoe store of the city.

REV. ROBERT C. DENISON, pastor of the Congregational church, has offered to give a gold medal to the member of the Janesville High school baseball team who secures the best batting record during the coming baseball season.

PREPARATIONS for the county High school athletic meet have begun. Next Saturday afternoon at 1:30 o'clock there will be a meeting at the High school building to make all arrangements for the holding of the county meet.

WHAT to give for an Easter remembrance is quite as puzzling to some as the choosing of a suitable Xmas gift. Hall, Sayles & Fife, "the reliable jewelers," make it very easy by showing a fine line of pretty novelties at right prices.

THE monthly business meeting and social of the Y. P. S. C. E. of the Presbyterian church, will be held in the church parlors on Friday evening of this week. A full attendance is desired, as important business is to be transacted.

IT doesn't pay to be too narrow minded and to think there is only one shoe store in the town. Spencer's "newest" on the bridge is the latest addition to the shoe trade and is catching the new customers every day. Buy your Easter shoes here.

DON'T let the fact go from your mind that the Brotherhood of Locomotive Engineers and Firemen's annual party takes place at the Armory Monday evening, April 11. Smith's full orchestra will furnish the music and a most enjoyable time may be expected.

THE opportunity will not be better this season for the selection of a cape, jacket or skirt than during the special sale at our store Friday and Saturday. The variety for selection cannot be equalled even by the large city stores and the prices are particularly low. Bort, Bailey & Co.

WHILE going to the fire at 1 o'clock this afternoon the truck of Engine company No. 2 in turning off the street car tracks on Main street near the brewery, threw its occupants, half a dozen firemen, violently to the ground. Fortunately none of them was seriously hurt, although all were badly shaken up.

WE don't want you to think that you are obliged to buy at our special display and sale of spring apparel Friday and Saturday. Of course if you need a new garment this spring, it would be very much to your advantage to buy during these two days, but you are perfectly welcome to come in and look. Bort, Bailey & Co.

TOMORROW and Saturday Mr. F. F. Lewis, representing Joseph Beilfield & Co., of Chicago, will be at our store with a complete line of ladies', misses' and children's jackets and capes and ladies' ready-to-wear skirts. This line is the representative one of the country and contains all the new patterns and designs for spring wear. You will have the advantage of buying at a slight advance over wholesale cost, but whether you buy or not don't fail to call and inspect the line. Bort, Bailey & Co.

DROVE TO MILTON AND WERE MARRIED

WILCOX-DANO WEDDING SOL- EMNIZED AT 3:15.

Rev Mr. Platts Performed the Ceremony—The Dep rure From Janesville Was Made Very Quietly—Bride and Groom Are Numbered Among the Early Residents.

From a secluded part of the Second ward a wedding party left for Milton this afternoon. A closed carriage was driven to a corner near the standpipes and a party of three stepped in.

With no delay the horses were headed for Milton, where late this afternoon the ceremony was performed that united Chas. T. Wilcox and Mrs. Eunice Dano in hymeneal bonds.

When Mr. Wilcox and Mrs. Dano left for Milton they bore letters of introduction to two Milton pastors, Elder W. C. Whitford, of Milton College, and Rev. Mr. Platts. The latter performed the ceremony at 3:15 p. m.

The happy couple are expected to return without delay and take up their home in this city. Both are numbered among the old residents of the city and both are possessed of ample means. Mrs. Wilcox is the widow of the late Francis Dano, and has made her home on North Jackson street in the First ward.

MASSACRED IN CUBA.

Two Hundred Reconcentrados Put to Death by Spaniards.

Chicago, April 7.—The Inter Ocean publishes the following dispatch from a special correspondent:

Havana, via Key West, April 6.—Over two hundred reconcentrados who left Havana to renew their labors in the country, availing themselves of the decree of General Blanco, have been massacred by the Spanish troops near Guines.

The fact is absolutely true. The details, which have arrived only a few minutes before the steamer leaves for Key West, are terrible.

Junta's Attitude Defined.

Washington, April 7.—Senator Quesada, Washington representative of the Cuban junta, has given out the following signed statement: "Our position should not be mistaken. We cannot accept anything which means the perpetuation of Spanish sovereignty in the island. We will oppose any intervention which does not have for its expressed and declared object the independence of Cuba. We have our government and the American people want it recognized."

Samuel Gompers Wants Peace.

St. Louis, Mo., April 7.—Samuel Gompers, president of the American Federation of Labor, in an interview said he was opposed to war because it would retard social advancement. He believed in arbitration and hoped that war might be averted by diplomacy and with honor to the country. He was sure that there would be an enthusiastic response from the laboring men of the country in the event of hostilities if a call were made for volunteers.

About Those Cuban Bonds.

Washington, April 7.—Mr. Quesada, representing the Cuban junta, said today: "I wish to deny the story that is being used for the purpose of preventing the recognition of the independence of Cuba, which says that \$50,000,000 of Cuban bonds have been issued. In the first place the government has never authorized the issue of \$10,000,000 bonds; but \$2,000,000 of these have been printed and only \$1,000,000 sold, but even if more had been sold it was for the purpose of acquiring independence, and we had the right to do so. The Cubans will take care of their bonds."

Du Rose Makes a Statement.

Washington, April 7.—Senator Du Rose, late charge d'affaires of Spain, who was in charge during the critical period following the Maine disaster, has authorized the following statement: "The report of the Spanish commission which investigated the Maine disaster has not yet had time to reach Madrid from Havana. Notwithstanding this, the Spanish government is ready to submit the evidence of both sides to the impartial judgment of the expert opinion of the maritime nations of the world."

Misunderstanding Is Ended.

London, April 7.—The Madrid correspondent of the Morning Post says an announcement that the pope's action was not at President McKinley's request has been communicated to the press. The government has also admitted its error to United States Minister Woodford, expressing regret that the misunderstanding arose. General Woodford has accepted the explanation as satisfactory, and the matter, which might have led to serious complications, has been settled so far as the two governments are concerned.

Rights of Privateering.

Washington, April 7.—The views of Sir Richard Webster as to the right in the event of war of search of neutral ships by Spain or the United States are concurred in by the state department. It is pointed out that the capture of contraband is legitimate during hostilities, and that search is necessary to determine the character of a ship's cargo.

Our Fleet at Hongkong.

Hongkong, April 7.—The United States fleet is preparing to go to sea and supplies of coal are being purchased for the use of the American warships.

THE prettiest shoe window from every point that has been seen in the city for some time, will be that of Spencer, the newest shoe man on the bridge tonight. The design is unique, and required much time and work for its completion. The window is merely in keeping, however, with the stock and inside appearance of the store.

PASSES War Appropriation.

Columbus, Ohio, April 7.—The senate Wednesday, after amendments of a technical nature, proposed by the attorney general, passed, with a dissenting vote, the Riley bill making \$1,000,000 available for war purposes. The money is to be used to equip the Ohio National guard and for other purposes suggested. An amendment permits a portion to be used for the naval reserve.

TO Protect Americans.

Washington, April 7.—Representative Jones of Washington Wednesday introduced a joint resolution to protect the Americans in Cuba, which directs the president immediately to order all vessels of war of the United States in the vicinity of Cuba to proceed to Havana without delay to protect all American citizens there and to bring away in safety all who desire to leave the island.

FOR GOOD FRIDAY

OBSERVANCE OF THE DAY OF CHRIST'S CRUCIFIXION.

Solemn Services Will Be Held at Episcopal and Catholic Places of Worship—Invitation From the Local Rectors to the Public at Large.

Tomorrow will be good Friday, when the Episcopal and Catholic churches will observe the day with appropriate services, fine music being the most noticeable feature. The day is observed in remembrance of the crucifixion of our Lord. It is the only day in the year upon which mass is celebrated in the Roman Catholic churches. No consecrated wine is used, nor are the customary lights, incense and music employed. A cordial invitation is extended to the christian people of Janesville, not accustomed to observe the day, to attend the services at Trinity or Christ churches on the most solemn day of all the year, a day fraught with so much significance to all mankind. Good Friday is not a holiday, it is a holy, a most holy day to those who would come apart to commemorate our Lord's Passion and Crucifixion. To all such these solemn services are most helpful and beneficial.

Services in the Episcopal churches will be held as follows:

Morning service and sermon, 9:30 a. m., Christ church; 9:30 a. m. Trinity church.

Three hours' service with addresses on each of the seven wounds from the cross, 12 m. to 3 p. m. at both churches.

Evening service and sermon at 7:15 p. m. Christ church; 7:30 p. m. Trinity church.

Austria Suggests a Plan.

London, April 7.—According to the Vienna correspondent of the Times Austria has proposed a plan of settlement of the Spanish-American trouble by which Cuba would be placed in the same position to Spain as Egypt is to Turkey. The island would have autonomy similar to that enjoyed by Egypt, and would pay an annual tribute to Spain.

GEN. LEE PLEADS FOR TIME.

Asks That the Message Be Withheld Until All Americans Have Left Cuba—Unconfirmed Rumors That Spain Is Willing to Submit.

Washington, April 7.—President McKinley's Cuban message was not sent to congress as was expected. It will be held until next Monday or later in response to an appeal from Consul General Lee that its publication might cause a massacre of Americans. General Lee expects to have all Americans removed to places of safety by that time. It is said the delay was for no other reason, and that while stories come from Madrid saying that Spain will make any sacrifice to avert war the administration is not hopeful of a peaceful settlement. The opinion is that while the governments of both countries are opposed to war, the people of both are pushing on irresistibly to that end.

President McKinley said to a friend concerning the dispatches from Consul General Lee asking for time until Monday in which to get the Americans out of Cuba: "Could I ever forgive myself if any act of mine should cost the life of a single American citizen or the life of any American citizen had been jeopardized by any act of mine?"

The president said he did not mean to infer that the Americans in Havana would be injured by the authorities, but the fear was that if the United States had taken definite action the irresponsible people of Cuba could not have been restrained.

The president further said that he had acted solely on the dispatches received from Consul General Lee in not sending in his message.

The most careful investigation in official circles failed to develop anything in support of the theory that the delay of the president's message was due to the situation at Madrid rather than that at Havana. When the announcement was first made that the message had been withheld the inference was drawn in some congressional circles that the delay was partially influenced by the attitude of the queen regent, who was reported willing to yield everything demanded by the United States provided it could be done without precipitating a popular disturbance in Spain. Press dispatches of a pending cabinet crisis in Madrid tended to confirm this.

Those closest to the president refused to discuss the Madrid situation further than to say that there was no information from that quarter and that no fresh negotiations had been opened. It was reiterated that the crux of the situation was in Havana. This was confirmed by members of the foreign relations committee, to whom this explanation had been made in such form that they professed themselves satisfied to accept it.

Accompanying the actual developments of the day came a flood of report and rumor of a sensational character, little of it, however, having any authentic basis. The rumors of disturbance at Havana were not borne out by any official advices here.

The uncertainty following a great disappointment was the condition existing at the capital at the close of the day when the expected did not happen. Senators and members were at sea as to what was coming next.

While the message was awaited there came a hurried summons of leaders of the senate and house to the white house, and they were informed that the message was to be withheld upon the information received from Consul-General Lee. The reasons he gave were deemed satisfactory by all, and Senator Davis informed the senate, while the house leaders carried the news to that body. That the danger to American life was considered sufficient reason for non-action appeared in the postponement of all proposed meetings to consider the situation.

SAYS SPAIN YIELDS.

Report Sent from Madrid to the London Daily Telegraph.

London, April 7.—A dispatch to the Daily Telegraph from Madrid conveys the astonishing and entirely unconfirmed statement that "Spain has conceded in principle everything the United States has demanded, including permission to the Cubans to govern themselves as they like."

Madrid, April 7.—It was stated here yesterday that there was reason to believe that a satisfactory settlement of the Spanish-American question had been reached. This statement, however, has not been confirmed up to a late hour. Political circles are confident that the government will do its utmost to avoid war, but its ability to prevent a conflict is somewhat doubtful.

The queen regent is said to be strongly in favor of concessions as the only hope of saving the dynasty. The reported assurances from France and Austria that they will support the dynasty by force of arms against a Carlist or other domestic outbreak is believed to have inspired the queen regent with the hope that Cuba may be let go without imperiling her son's crown.

On the other hand, the army is greatly opposed to any concessions. Several generals and some members of the cabinet waited upon the queen to protest against surrendering Spanish rights in Cuba.

Anxiety Shown by Senators.

Washington, April 7.—When the senate convened Wednesday intense expectancy, amounting to excitement, prevailed both on the floor and in the galleries. The president's message had been positively promised and its coming was awaited with genuine anxiety. Ten minutes after the senate convened consideration of the sundry civil bill was resumed, and, with the exception of eight minutes consumed

by the executive session, in which Senator Davis announced that no message would be sent in, almost the entire session was consumed by the appropriation committee.

SITUATION AT MADRID.

Queen Regent Now Said to Be Directing Affairs.

Madrid, April 7.—It is understood that Senor Silveira, the leader of the dissident conservatives, and the conservatives will, if necessary, accept office on a program of an immediate armistice, with full authority to the autonomist government to negotiate and conclude an immediate and effectual peace in Cuba.

The queen regent has practically taken matters out of the hands of her ministers and is dealing direct with the United States minister through the German and Austrian ambassadors, and is working earnestly for peace.

It is known beyond doubt that Spain is now prepared to give all America has asked for, although the form of this concession must be gilded to suit Spanish palates, and must take into consideration the political difficulties which confront Spain.

Washington's reply to the last suggestion of the United States minister, General Woodford, by which it is understood here an honorable peace satisfactory to both countries can be secured, was received at Madrid last night. Its contents have not been divulged.

Senor Sagasta denies the rumors current of ministerial dissensions. He also denied the report of the embarkation of troops for the Philippine Islands.

TENDER THEIR GOOD OFFICES.

Ambassadors at Washington Take an Important Step.

Washington, April 7.—It is learned from a reliable diplomatic source that the ambassadors and ministers of the great powers of Europe stationed in Washington, and representing Great Britain, France, Germany, Austria and Italy, at a meeting held at the British embassy, agreed upon the substantial terms of a joint note tendering the good offices of the powers to avert war between the United States and Spain.

So far as can be learned the note has not yet been presented, and it is understood that its presentation depends upon the seriousness of the situation as developed within the next few hours.

On the same reliable authority it is stated that the actual text of the note, to some extent, was agreed upon, if indeed it was not made up in its entirety.

It is said not to contain the word "mediation," but in more diplomatic terms and in the most friendly spirit it suggests the good offices of the powers.

BRITAIN IS WITH US.

Assures the United States of Its Most Cordial Sympathy.

London, April 7.—On the highest authority the Associated Press announces that the British government has assured the United States of its fullest and most cordial sympathy in its Cuban policy. This assurance was given with the most complete knowledge of the latest developments in the negotiations between the United States and Spain and on the understanding that events are tending steadily toward armed intervention in Cuba.

The British government is even friendlier to the United States than the newspapers here, having more accurate knowledge of the real nature and purport of the dealings between the United States and Spain.

CURES WITHOUT PAIN.

One of the Best Features of the New Pile Cure.

The Pyramid Pile Cure cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, and at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid Pile Cure, and constitutes a very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient, and in most cases is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid Pile Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by the Pyramid Drug Co., of Albion Mich., and sold by druggists at 50 cents per package.

SEARCH FOR BODIES GOES ON.

So Far None Has Been Recovered—The Extreme Number of Dead and Missing Now Known to Be Forty—Other Towns Threatened.

Shawneetown, Ill. (by steamer, via Mount Vernon, Ind.), April 7.—No additions have been made to the list of dead and missing, and all people here agree that the number will not exceed thirty. All but forty of the town's population have been accounted for, and as no bodies have been recovered it may be that fewer lives are lost than even the conservative ones estimate.

A police force of twenty has been organized to protect the town from vandals. The guard patrols the north and south levees, while a number of men are stationed at the base of the hill back of the city. Perfect order is maintained, and as the water is now falling it is believed that the danger is over, with a prospect of entire relief from the flood within ten days.

F. E. Minter, acting coroner, and W. P. Walters, health commissioner, have a dozen rowboats patrolling the streets in search of the dead. After dragging the water for six hours yesterday they failed to find a single corpse.

Hundreds of horses, mules, cows and other animals perished, and the carcasses are floating along Main and intersecting streets. An effort will be made to get them out before they endanger public health.

Two carloads of provisions have arrived here from Cairo and Elliptown, Ill., and New Madrid, Mo.

Michael Carney, mayor of Shawneetown, had this to say: "Now that the weather is better we are in no further danger. Guards have been established, and there will be no difficulty in maintaining order. The number of dead will not exceed forty, as we are now able to account for all but that number of our people. I think that we shall be out of the water in a week or ten days. The automatic sewer at the south levee is carrying out the backwater very rapidly and tomorrow our pumping station will be working."

Charles Carrol, chairman of the relief committee, said: "The loss of life cannot exceed forty, and it may not be more than half that number. We have counted the missing as dead, but, as a large number of the people sought refuge in the hills back of the town, it is likely that many of those reported as dead will be heard from soon. We do not need any more laborers, as our people have nothing to do and are well organized for work. Of course food and money are needed, but we can attend to the distribution of all supplies. The immediate danger is past, but contributions to help us rebuild and repair the damage caused by water will be thankfully received."

At Uniontown, Ky., several houses went off their foundations, but no lives are lost. The people are in no need of help and although their town is under water they sent men and provisions to the relief of Shawneetown.

Raleigh, Ky., is still in danger of being swept away, as the houses are undermined by the water, but the people are in places of safety on high ground.

Along the Ohio river between Shawneetown and Mount Vernon are to be seen herds of cattle, horses and mules huddled together on little knolls which stand in the river like islands. When the river is confined to its channels these islands will be part of pasture lands three miles back from the stream.

Brazil (Ind.) Miners Strike.

Brazil, Ind., April 8.—About 600 employees in the machine mines of this country met here Wednesday to consider the proposition made by the operators, which was 29 cents a ton for chuting and loading coal. The miners demanded 38 cents. They decided to suspend work and placed their grievance in the hands of the executive board to settle, with the understanding that the board will hold out for the advanced price.

Milwaukee Election Figures.

Milwaukee, April 7.—Judge Rose, silver democratic candidate for mayor, has a plurality of 8,012, and runs over \$3,000 ahead of his ticket. The democrats will have twenty-seven of the aldermen to fifteen for the republicans, which is an almost complete reversal in this body, the republicans in the present council having a little larger majority.

Great Republican Victory.

Providence, R. I., April 7.—The state election resulted in an overwhelming Republican victory. Neither party conducted a lively campaign, the success of Governor Dyer and his associates being a foregone conclusion.

The two-year-old son of W. L. Ferguson, of Bolton, Miss., had whooping cough. "After several physicians had prescribed for him without giving relief," writes Mr. Ferguson, "I purchased my wife to try a 25 cent bottle of Chamberlain's Cough Remedy. The first dose had the desired effect, and in forty-eight hours he was entirely free of all cough. I consider your remedy the best in the market, especially for children and recommend it at all times." The 25 and 50 cent size for sale by People's Drug Co., corner Main and Milwaukee street.

Opening of Annual Conference of Latter-Day Saints' Church.

Independence, Mo., April 7.—President Joseph Smith, son of the great Mormon prophet, who is said to have found the golden plates in the New York mountain and translated from them the Book of Mormon, presided at the opening of the annual conference of the Reorganized Church of Jesus Christ of Latter Day Saints. The annual conference is the supreme law-making body of this church and to it come all appeals, and by it are appointed the ministers of the denomination. There is an unusually large number of delegates present, many coming from a great distance, mainly with the view of aiding in the adoption or defeat of the proposition, which, it is expected, will be introduced at an early session, looking to the removal of the headquarters of the church from Lamoni, Iowa, to this place.

No evils are so pernicious as the adulteration of food or drink, hence one cannot be too careful about what goes into the stomach. True, the stomach is accustomed to a large amount of ill-treatment. It is an organ of great accommodation and wonderful endurance but as the day ends and night is sure to succeed it so to it with the stomach's capacity for enduring ill-usage. Persons who use whiskey in any form should remember these facts and avoid the adulterated stomach destroying compounds which are offered them by dealers who represent such as so many years-old straight whiskeys. Under the laws of Congress passed at its last session, the purchaser of a drink or bottle of whiskey has only himself to blame if deception is practiced on him now, as the T. S. stamp covers every bottle of straight whiskey. Green River is that whiskey. It is bottled under the direct supervision of the government, the official stamp of the nation covers every bottle of it, thus guaranteeing its genuineness, age, proof and purity. SEPTICIDE

"While in the army with the 54th and. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of 'SEPTICIDE.' I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever."
